5. [redacted] Talked with William Saltonstall, in the office of Senator Leverett Saltonstall, concerning a constituent inquiry which referred to the Taylor press item stating that CIA leaks had been jeopardizing the safety of certain Cubans. I advised Saltonstall that our usual response to such inquiries was that we did not comment on press articles speculating on alleged CIA activities but for the Senator's information, Taylor's charges were without foundation. Saltonstall said he had answered the constituent's note indicating the matter was being taken up with appropriate authorities and it was quite likely he would not have further correspondence on this.
